Professional Experience

● Digital Marketing Manager

Self-employed | September 2020 - November 2022

- **Digital Marketing Management:** Oversaw and maintained the well-being of multiple Facebook accounts, ensuring optimized performance and brand consistency.
Handled multiple landing pages, ensuring seamless user experiences by leveraging expertise in HTML and CSS.
- **Content Creation & Editing:** Designed and prepared advertisement materials using DaVinci Studio Resolve and Photoshop, tailoring each piece to fit the desired marketing platform.
Automated content and design processes using Windows Shell scripts, streamlining workflow and improving operational efficiency.
- **Budget Management & Tracking:** Developed a custom-made tracking application in Google Sheets, using JavaScript to provide real-time updates on budget spend and campaign returns.
Ensured all marketing activities remained within the allocated budget, maximizing profitability and ensuring cost-efficient strategies.

● Civil Engineer

Arad Real Estate Development | March 2018 - March 2020

- Designed AutoCAD drawings to help engineers and builders perform their work on site.
- Quality Surveyor - Performed on-site field surveys and designed technical narratives to document processes and design changes.
- Quantity Surveyor - Performed measurements for structural and architectural works to prepare cost estimates for projects.
- Worked with architects, engineers and customers to efficiently resolve planning and construction issues.
- Trained junior staff on codes, best practices and suppliers, which enabled better self-sufficiency and task completion.
